A LANDMARK OF NORTH LONDON

PERSONAL SERVICE - COURTESY - MODERATE CHARGES

Established in 1861 the handsome five storey building with its Gothic lines, wrought iron balconies and turret, contains a number of finely appointed Banqueting Suites each with its own bar and cloakrooms. Catering for Dinners and Dances at very moderate charges has for many years been Beale's speciality. Still under the personal direction of the Proprietors this family business offers the finest accommodation and service in North London for all types of functions.

Whilst the magnificent Banqueting Rooms are being constantly redecorated and refurnished, the kitchens also are continually being modernised. They are as up to date and hygienic as any in London and are always open to inspection by Patrons. It is hoped that the illustrations in this Brochure will give an impression of the organisation and atmosphere that is provided to make your function a success.

Beale's Restaurant and Grill Room which are also open daily to the public, are situated in a most accessible position and are well served with all forms of public transport and car parking facilities.

Our long established reputation for good food cooked by first-class Chefs and for excellent service has always been founded on the ability to give such value for money that is impossible to obtain elsewhere. All arrangements are personally supervised and our advice and experience are always at your disposal without any obligation.

A beautiful room with unique architecture, a fine dance floor and stained glass windows showing scenes from Shakespeare.

There are modern stage lighting facilities and amplification.

Suites are available for Dances from 30 to 200.

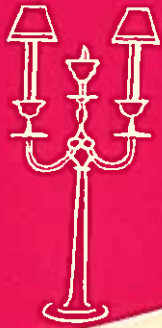

BE

Beale's have always been renowned for their fine table appointments. Rooms can be provided for the smallest private parties up to a Banquet for 120 people.

LES  
URANT

This magnificent domed Reception Room with its mirrored walls gives some impression of our well stocked bars.

We attach great importance to the provision of a suitable room and the right atmosphere for each individual party. These pictures of another Reception room with bar and a further Banqueting room arranged for a Buffet reception, show different styles of accomodation that we can place at your disposal.

Patrons are always particularly interested in the fact that we have our own modern Bakeries supplying our Branch shops throughout North London. This means that all our cakes and pastries are up to standard, whether it be a humble dinner roll, fresh from the oven or the grandest Wedding cake.

The Grand staircase provides an impression of luxury immediately on arrival.

A charming little room in old world Tudor style.

A very comfortable room for dinner parties of 40-50. Like all other rooms it has a good floor for dancing.

Typical of behind the scenes showing a section of our model hygienic Kitchens with latest stainless steel equipment, tiled walls and modern lighting.
